### And What Have You

By BOB CRAIG

The tremendous response of the people of Hamlin to the financial plight of the West Texas Rehabilitation Center through the Easter Seal Campaign held here last week was beyond the point of being gratifying—it was just plain amazing.

We do not remember any drive here even approaching the amount of money raised in this one effort.

While it was most heartening to see the people of Hamlin give so generously to this worthy cause we feel that a special tribute must be paid to the chairman of the drive, Pat Feagan, and to all of the women who helped her.

The success of the drive must be credited in a large measure at least, to the organization, planning and diligent work put forth by these ladies. While the people of Hamlin were more than willing to help, it takes a lot of hard work on the part of many to see that they all have the opportunity to help.

Thanks to all of you and a special congratulations on a job well done.

Next Monday night there will be a very important meeting for all parents who have boys wanting to play Little League ball this summer. This meeting is important because if the parents are not interested enough to help with the program by at least attending the organization meeting, there will not be a program this summer.

It is just this simple—if the parents are not concerned enough show at least some interest, then those few people that have carried the program year after year are not going alone again this year.

While every parent is not expected to be a manager or president of the organization they can at least help out a time or two during the summer in a number of ways. People are needed to run the concession stands, to umpire, to keep score, to announce, to help raise money and most important of all to at least show an interest and appreciation for the people that do work.

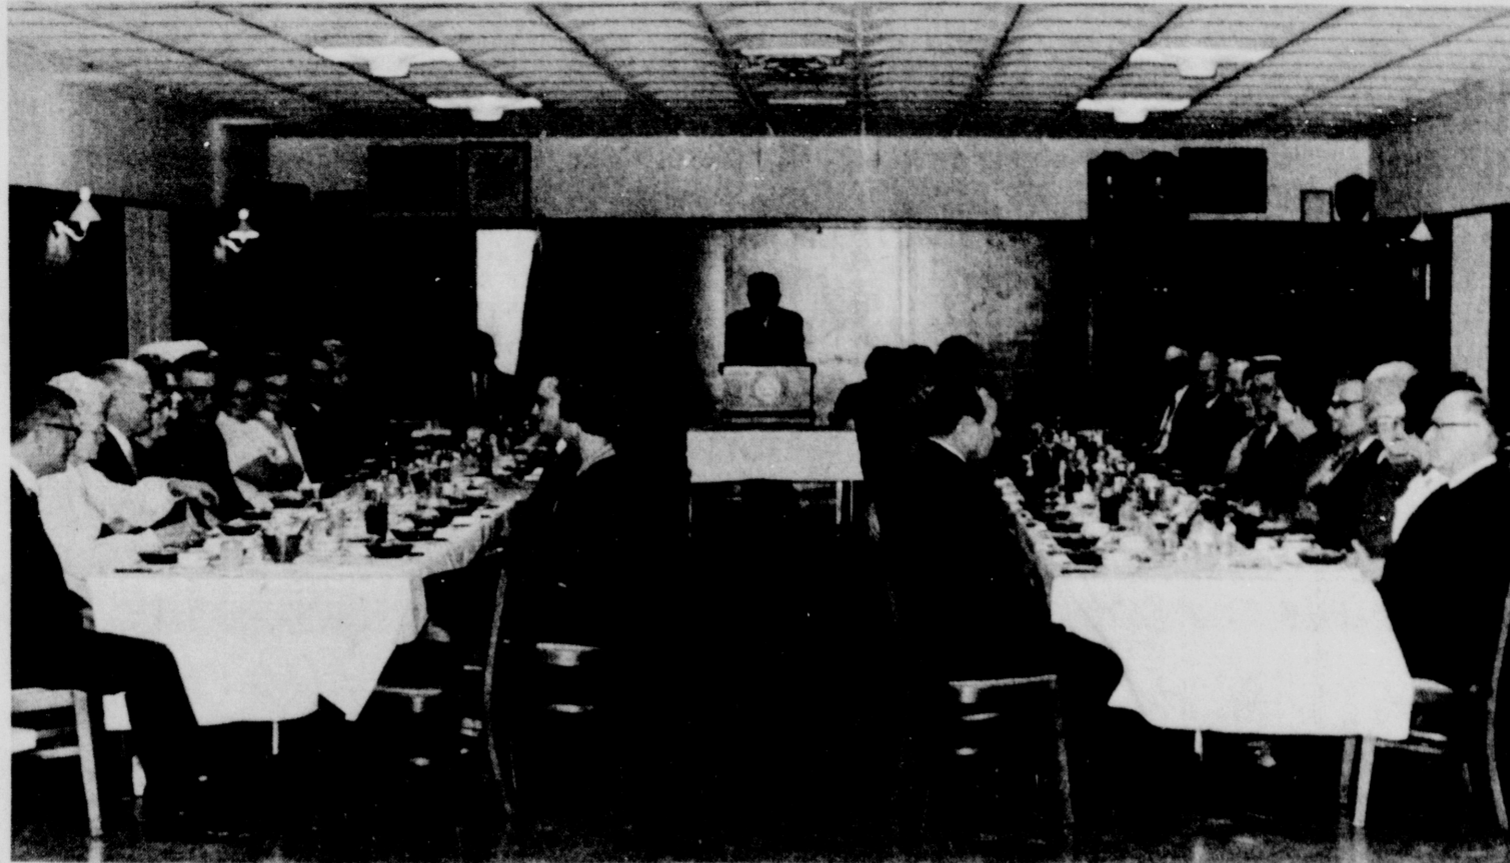

While we question the wisdom of trying to force anyone to do anything we somehow wonder if it would not be a good idea not to let any boy play if his parent or parents would not agree to help in at least some minor way.

As a parent we just cannot understand the attitude of so many parents who just do not seem to care or at least do not want to get involved in what their children are doing. If there is any one thing that is causing all of the troubles between our young people around the country and the so called establishment it is this failure of the parents to get involved with their children as they are growing up.

Why we expect our children to get involved if we won't is more than we can understand. But every organization that tries to work with youth has the same problem—that of getting adult workers. We suspect that if a survey were taken we would find that a majority of the people working with these organization do not have children or do not have children of the age to be involved.

So if you want your child to play ball this summer we would suggest that you either be at the meeting Monday night or at least send a note by someone stating your willingness to help or you might find you have a very disappointed kid on your hands this summer.

Our congratulations to Piper Basketballers Robert Bolden and Charlie Shira for the honors they received both in the All-District selections and the All Area picks. While neither made the first team positions they were in the top ten in the district and Bolden made the top ten in the area.

# Easter Seal Drive Raises \$3150 Here

The Easter Seal Drive here spearheaded by the two Beta Sigma Phi Chapter's and other volunteers netted \$3194.70. Mrs. Bill Feagan, general chairman, said more money might come in as some of the residents may have been missed during the door to door drive last Thursday evening and the envelopes left by workers could still be mailed in.

The \$3,129.70 was presented Monday to the West Texas Rehabilitation Center in Abilene, now struggling with financial difficulties. The Center had received \$44,127.63 (not including Hamlin's contribution) during the past three weeks to wipe out a \$43,000 deficit only to have a serious setback Monday when notice from Medicare officials revealed that payment would not be made for more than

\$71,000 worth of services the WTRC had rendered.

The amount due from Medicare had been figured into the budget as accounts receivable and was pledged as security on \$55,000 worth of bank loans the WTRC took out while trying to solve its money problems without crying for help.

"We were going along so good — we had the \$43,000 deficit wiped out and our Easter Seal drive looked good — then all of a sudden, the roof has fallen in on us again," explained Bobby Sayles of Tuscola, president of the WTRC's board of directors.

TO CONTINUE THE concerted effort on the part of Hamlin citizens to aid WTRC, the Hamlin Jaycees are sponsoring an Auction Sale here Mar. 28. Items are now being collected for this purpose.

Termed as a "City Wide Garage Sale" the local club hopes to be able to add substantially to the Center's treasury with this effort.

A list of the articles donated for the auction was started in last week's Herald.

Contributions this week are as follows:

Typewriter  
Chrome Keystone mag wheels

Odd dishes

A pig

All residents may participate in the Auction by donating items and by attending the auction.

Guy Weaver is serving as Auction chairman. Residents with new or used items to be auctioned may take them to Feagan Oil Company for storage until time for the auction or if the items are too large, Weaver, Mrs. Feagan, any member of the Jaycees, or the Hamlin Herald may be contacted and the articles will be picked up.

Those planning to donate to this should contact one of the above so that articles can be added to the published list.

Another way to support the Center is through the recently organized Century Club. By giving \$100 or pledging \$10 per month membership is granted. Several Hamlin residents became members during the drive and Bill Feagan still has forms to be filled out by those who wish to join.

NEWS FROM ...

## Sylvester

By MRS. R. M. BARR

Would you believe it was a beautiful weekend and here on Monday morning it is 28 degrees and a north wind blowing and misting rain!

Just what would we do if we couldn't complain, seems that lately that is about all I do but really I find a lot of things to be thankful for.

I had a very nice surprise Saturday afternoon when Mrs. Joe Bates of Odessa came by for a short visit. She was the former Fannie Bell Waddell and we enjoyed many happy school days here

Out-of town guests were Mrs. E. M. Hames and Patty of Abilene. Mrs. John Hurst of Abilene and Mr. and Mrs. Raul Benevides of Jayton.

in Sylvester when we both attended school here. You notice I didn't say when! It is wonderful to have former residents stop by for a visit and I wish may more would do the same.

The Eaton family of Hamlin and the Maberry family of Abilene visited in the J. P. Maberry home Sunday afternoon.

Mr. and Mrs. Floyd McCain are enjoying a new fire place that has just been completed in their home. I guess we just had to have a north-er so they could try it out.

Mr. and Mrs. J. M. Lanning finally have their new house on the foundation and will get real busy getting every-

thing fixed so they can move in.

The Hugh Hood's are remodeling the old George Hood home and will be moving to the north side of town before too long.

Arthur Lewis Maberry visited with us at the Sylvester Baptist Church Sunday morning. Arthur attends John Tarleton in Stepheville.

Mrs. Butch Scott's mother, Mrs. Bockman of LaMarque is visiting in the Scott home.

Everywhere you looked Sunday afternoon there were snake hunters. The things looked awful but thank goodness they were in cages. It

made me rather uneasy to think about how all of them had been crawling around free to bite any time, so I am glad they were catching them.

Mr. and Mrs. Ronnie J. Holden are parents of a boy, Franklin Allen, born Mar. 13 at 2:55 a.m. He weighed 6 lbs. 7 oz.

Mr. and Mrs. Israel A. Rodriguez of McCauley are parents of a girl, Laurie Ann, born Mar. 13 at 7:25 a.m. She weighed 8 lbs. 1 oz.

Weekend events should be reported to the Herald by noon Monday.

## FORTY-FIVE YEARS AGO March 20, 1925

Friday morning about eleven thirty o'clock the barn at M. Y. Wilson's home was destroyed by fire. A strong wind was blowing at the time, and the fire spread to other nearby buildings, among them the Floyd Wilson which was partially consumed. The quick and heroic work of the fire boys soon had the blaze under control and prevented what looked like for awhile was to be a very destructive fire. Mr. Wilson's barn was filled with feed which was destroyed, but the most regrettable loss was twelve full blood Rhode Island Red chickens which he had recently purchased.

Mr. and Mrs. Claude Gray are erecting a new home on Central Avenue. The building is a five room structure and is to be modern in every way. This is one of the many attractive homes that has been built in Hamlin within the past few months.

The home of Mr. and Mrs. W. A. Albritton, on Central Avenue has been torn down this week and they will erect a large modern home on this site. Mr. Albritton has been very successful in growing beautiful trees on his lawn which will make an attractive setting for the new home. A new Variety Store will be opened Saturday in the building which was formerly occupied by the Hamlin Bargain Store. This store will be known as the Denton Brother's Variety Store, and will be operated by Mr. L. L. Denton, who comes highly recommended as a progressive business man.

## TWENTY YEARS AGO March 17, 1950

Fire, which was believed to have originated from an overheated bearing, destroyed a major portion of the Midwest Cooperative Oil Mill in Hamlin Saturday. First alarm of the fire was sounded at about 6:45 a. m. Saturday and a part of the volunteer fire department spent the entire day at the mill as a precaution against further outbreak of the fire.

Fire originated in the press room of the mill and quickly spread to that portion which is used in housing the mechanical equipment. Character of the material processed made it readily inflammable and made the work of the fire department difficult in controlling the blaze.

Early in the morning a sharp change in wind direction caused greater danger of spread of the blaze and it was decided to call for aid from the Stamford department. An immediate need for additional water was apparent and sufficient hose was not available to reach the larger water supply. Stamford's Fire Department made the run to Hamlin in 22 minutes and water was directed on the fresh outbreak immediately after their arrival.

Oil saturated cotton seed continued to smolder throughout the day and resultant smoke prohibited ready access to the smoldering spots. A

drenching process was employed throughout the day.

Extent of loss in equipment is difficult to estimate and company spokesmen could not accurately gauge what the damage would be. Manager John A. Edwards in Abilene issued one statement that the loss may reach as much as \$150,000.

It was announced that work of rebuilding the plant will start immediately and there is some possibility that limited operation of the plant will be possible for the rebuilding period. Lint room, the stock room and raw materials escaped serious damage.

J. B. Eakin, cashier, estimated that the plant season still had about four months to operate. This is the third fire the mill has experienced in the last five years. The plant is located about one mile from the city limits of Hamlin and employs about sixty men in its operation.

## TEN YEARS AGO (March 17, 1960)

Both the Hamlin Future Farmers of America who entered the San Angelo Fat Stock Show last weekend were winners in the event that displayed scores of fine animals in several sections.

David Bonds received the showmanship award in the commercially fed steer division of the show.

Other winners from the Hamlin section were: Arvil Hill and Jimmy Jeffrey of McCaulley FFA, heavy choice steers; and David and Tommy Bonds of Hamlin FFA and Kerry Green of McCaulley FFA, light choice.

Two members of the Hamlin High School's District 6-AA champion basketball team last weekend were named to the Class AA all-area schoolboy basketball team for 1960. Other members of the mythical all-star team from Stamford with one and Cisco with two.

Two other members of the Pied Piper 1960 crew were given honorable mention in the selections made by The Abilene Reporter-News and coaches of the Central West Texas area.

The first string team was composed of David Wade and Cecil Robinson of Hamlin, Bill (Cotton) Thomson of Stamford and Delbert Schaeffer and Charles Lipsey of Cisco. Cisco was 5-AA champions.

Given honorable mention for

the mythical team were Gary Anthony of Haskell, Jerald McCandlies and Robert Brandon of Hamlin, Charles Barth of Anson, Jimmy Smith of Winters, Otis Green of Eastland, Dean Ritchie of Ranger and Homer Smith of Cisco.

Robinson and Wade were the big guns for the Pied Pipers all season. Robinson, who is a top performer in all departments, was the leading scorer with 484 points for a 16.0 average per game.

Wade was second highest scorer in District 6-AA with 109 points.

# The Church PLANTS and WATERS...

The church plants the seed of faith, waters and tills the soil. These are the things that a church can do, and no more... then God provides the love and life-giving essentials. The growth then depends on the type of soil... is it barren... mediocre... or fertile. Your life with God will grow according to your will and desire.

"Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

We are very proud of all our girls for their fine showing. They will go to Rochelle Saturday.

The annual staff received their checking copy of the 1970 "Eagle" and are proud of the results. We will be looking forward to receiving the real thing toward the end of school.

The names of the bands that performed for the Feb. 28 "Hoot-n'anny" were not turned in to the paper last week. We would like to mention their names and express our appreciation for their participation in the event.

The bands were The Young Guest of Abilene; Cecil Hale and The Blue Valley Boys from Roby, Al Babiash and The Two Timers from Abilene, The Road Runners from Abilene and Mack and the Sereaders from Stamford.
